

Session 1

## Clinical Guidelines & COVID-19

Chair - Thomas Luscher & Shouvik Haldar

11:25 - 11:30  
Welcome & Introduction

11:30 - 11:40  
COVID-19 and cardiac arrhythmias  
Usha Tedrow

11:40 - 11:50  
Telemedicine and Arrhythmia Detection - Now and The Future  
Christine Albert

11:50 - 12:00  
Have Pacing clinics changed forever due to COVID-19?  
Sophia Jones

12:00 - 12:10  
2020 ESC Guidelines Atrial Fibrillation  
Gerhard Hindricks

12:10 - 12:20  
2020 APHRS/HRS expert consensus statement on the investigation of sudden unexplained death  
Arthur Wilde

12:20 - 12:30  
**Ask the Expert** - Live Panel Q&A  
**Chairs** - Thomas Luscher & Shouvik Haldar  
**Panel** - Session 1 Faculty

12:55 - 13:15  
**Break** - Industry session

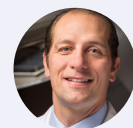

Session 2

## New Techniques, Technologies & Innovation

Chair - Vias Markides & Wajid Hussain

13:30 - 13:40  
New(est) Energy on the Block - update on Electroporation  
Vivek Reddy

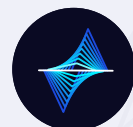

13:40 - 13:50  
Treating VT with Cardiac Radioablation  
Philip S Cuculich

13:50 - 14:00  
Electrographic flow mapping to guide AF ablation  
Andreas Rilling

14:00 - 14:10  
Versatility of the Lattice Tip Electrode for Catheter Ablation  
Elad Anter

14:10 - 14:55  
**Live Panel Q&A Round Table** - Important advances in EP and what the future holds...

**Faculty** - Vias Markides, Sabine Ernst, Wajid Hussain, Mark O'Neill  
**Panel** - Session 2 Faculty

14:55 - 15:10  
**Break** - Industry videos available

Session 3

**Electrophysiology**

Chair - Sabine Ernst & Mark O'Neill

15:10 - 15:20

Early AF ablation - the evidence is starting to build

Jason Andrade

15:20 - 15:30

CASA-AF - is there still a role for thoracoscopic surgical AF ablation?

Tom Wong

15:30 - 15:40

How to Approach - VT ablation in ischaemic cardiomyopathy

Elad Anter

15:40 - 15:50

How to Approach - VT ablation in non-ischaemic cardiomyopathy

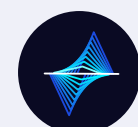

Roderick Tung

15:50 - 16:35

**Ask the Expert** - Live Panel Q&A

Chair - Sabine Ernst & Mark O'Neill  
Panel - Session 3 Faculty

16:35 - 17:05

**Debate:** Should we consider patients with a BMI over 35 for AF ablation.

Chair - Francis Murgatroyd  
Pro: Roger Winkle (7 Mins)  
Con: Christine Albert (7 Mins)  
Discussion (15 Mins)

17:05 - 17:20

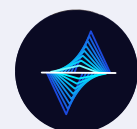

**Break** - Industry videos available

Session 4

**Device Therapy**

Chair - Tom Wong & Aldo Rinaldi

17:20 - 17:30

AV Synchronous Pacing in Leadless Ventricular Pacemakers

Paul Friedman

17:30 - 17:40

Conduction System Pacing - evidence base and best practice in 2021

Ken Ellenbogen

17:40 - 17:50

Using the 12 lead ECG to optimise CRT programming

Nirav Varma

17:50 - 18:00

Are modern smartphones and smartwatches safe in CIED patients?

Janet Han

18:00 - 18:35

**Ask the Expert** - Live Panel Q&A

Chair - Tom Wong & Aldo Rinaldi  
Panel - Session 2 Faculty

18:35

**Closing remarks**
