Tom Wong

Consultant Cardiologist
& Electrophysiologist, Royal
Brompton & Harefield NHS
Foundation Trust,
Programme Director

Organised in partnership with

08.00 - 08.45 - Registration & Breakfast

SESSION 1

Clinical Guidelines & Hot Topics

Chair – Shouvik Haldar & Tom Wong

08.45 – 09:00
Welcome & Introduction
Vias Markides

09.00 - 09.15
2021 ESC Guidelines on cardiac pacing and CRT – take home messages
Jens Nielsen

09.15 - 09.25
2021 BHRS Guidelines for management of patients with CIED peri-operatively – take home messages
Honey Thomas

09.25 - 09.35
Pill in the pocket anticoagulation for AF?
Rodd Passman

09.35 - 10.00
Debate: Screening for Atrial Fibrillation – is it time to start?
Chair – Dr David Jones
Pro: Emma Svenberg (V) (7 min)
Con: Rodd Passman (7 min)
7 min discussion

10.00 - 10.30
Ask the Expert - Interactive session with floor open to questions
Chair – Vias Markides
Panel – Session 1 Faculty

10.30 - 11.00
Refreshments

SESSION 2

Frontiers of Device Therapy

Chair – Mark Mason & Aldo Rinaldi

11.00 - 11.10
Extravascular ICD – an alternative to the SICD?
Francis Murgatroyd

11.10 - 11.20
Leadless CRT
Aldo Rinaldi

11.20 – 11.30
How to approach – Left Bundle Branch pacing
Tom Wong

11.30 – 11.55
Debate: Left bundle branch pacing should be the default brady pacing technique?
Chair – Julian Jarman
Pro: Daniel Kramer (7 mins)
Con: Jens Nielsen (7 mins)
7 min discussion

11.55 - 12.25
Ask the Expert – Interactive session with floor open to questions
Chair – Mark Mason
Panel – Session 2 Faculty

12.25 - 13.45
Lunch

SESSION 3

The Atrium

Chair – Vias Markides & Mark O'Neill

13.45 – 13.55
Pulsed Electric Field Ablation in AF Patients: How to Create Durable Lesions
Hiroshi Nakagawa

13.55 - 14.05
Early AF ablation – what about asymptomatic and persistent AF patients?
Paulus Kirchhof (V)

14.05 - 14.15
How to approach - Vein of Marshall ablation in Persistent AF
Vivek Reddy (V)

14.15 – 14.25
How to approach – Redo persistent AF ablation where the PVs are isolated
Hiroshi Nakagawa

14.25 - 14.50
Debate: Is Pulsed Field Ablation (PFA) likely to obliterate Radiofrequency and Cryo as an energy source for AF ablation?
Chair – Tom De Potter
Pro: Vivek Reddy (V) (7 min)
Con: Tim Betts (7 min)
7 min discussion

14.50 - 15.20
Ask the Expert - Interactive session with floor open to questions
Chair – Mark O'Neill
Panel – Session 3 Faculty

15.20 - 15.40
Refreshments

SESSION 4

The Ventricle

Chair – Tom Wong & Sabine Ernst

15.40 - 15.50
Can MRI-defined scar guide VT ablation?
Christian de Chillou

15.50 - 16.00
How to approach – Stellate ganglion block
Josef Kautzner

16.00 - 16.15
Mapping and Ablating Outflow Tract Ventricular Arrhythmias: pearls and pitfalls
Magdi Saba

16.15 - 16.25
Intracardiac echo to guide VT ablation – when why and how?
Tom De Potter

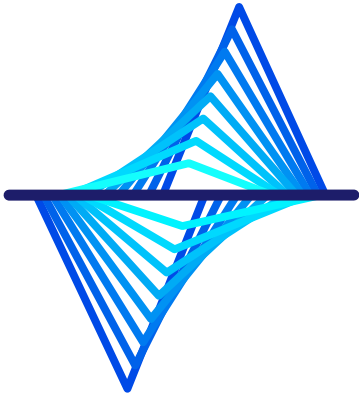

16.25 - 16.50
Debate: SGB should be the first line therapy for drug resistant VT storm before VT ablation?
Chair – Jan Till
Pro: Josef Kautzner
Con: Christian de Chillou

16.50 – 17.25
Ask the Expert – Interactive session with floor open to questions
Chair – Magdi Saba
Panel – Session 4 Faculty

17.25
Closing Remarks
Tom Wong
